2020 SUMMER CAMP PROGRAM

Program Description

We invite you and your child to come with us through a six-week journey of **Nature** and **Science!** Our Summer Camp classes this year are named after the fun characters we all know and love: the Minions, the Trolls, and the Smurfs. The children will be learning about a science concept each week: flowers, plants, wildlife, farm life, insects, rocks and minerals. The summer Camp is for ages 3 through 6. Your young scientist will enjoy fun themed pretend play, outside games, interaction with our farm animals, science experiments, and crafts. There are also some very special things planned:

- **Water Week**

A week filled with playing with water, cool pools, fun water slides, and wild sprinklers for children to experiment with and enjoy!

- **Science Show – Exploration Universe!**

This hands-on spellbinding special event introduces children to a world of exciting chemistry and science experiments!

- **Family Fun Day** – On the last day of summer camp, families will be invited to join us for a day of fun-filled games.

- **Fun with our Happy Valley Farm Friends**

The children will love riding our miniature horses: Orbit, Sky, Trixie, Rocket and Taz! They will also spend time with our farm friends in our outdoor petting pens:

- Goats: Daisy and Otis
- Pigs: Charlotte and Pigger Allan Poe
- Sheep: Lammy and Marshmallow
- Rabbit: Mify
